I suffered terribly; I could not rest day or night; I was so reduced my friends thought I would never recover; I consulted a dector at Columbus. I followed his advice; it did no good. I can truly say I was discouraged. At this time I was looking over my newspaper; I saw your affectionent of Vegeting, the 'Great Blood Purifier' for cleansing the blood from all impurities, curing Huing the blood frame all impurities, curing Humors, Ulcers &c. I said to my family, I will try some of the Vegetine. Before I had used the first bottle I began to feel better. I made up my mind I had got the right medicine at last. I could now sleep well at nights. I continued taking the Vegetine. I took thirteen bottles. My health is good. The ulcer is gone, and I am able to attend to business. I paid about four headens lead and all are for medicine and destors her hundred dollars for medicine and doctors be fore I bought the Vegetine, I have recommended Vegetine to others with good success. I always keep a bottle of it in the house now. It is a most excellent medicine.

Illustrious Mechanics. Adam, the father of the human race, was a

gardner. He had, however, a strange propensity for tasting unwholesom; fruit, which produced very iejurious effects, both upon himself and his offspring. Noah was a shipwright and a husbandman; he navigated the whole earth in his ark, and got "seas over" in his vineyard. Solomon was an architect, a poet and a philospher. His conduct, however, was not always by line and rule; he trod the circle of dissipation, in his imagination, and violated his maxims. The apostle Paul was a tent maker, and labored with his hands at his avocation while he endeavored to infuse into the minds of his fellow men the important truths of revelstion. While he screened them with an earth! tabernacle, from the weather, he told them er the argie of divine protection.
